Ventilation Fan

MODEL

FS-850

Bath Fan Timer Control

height:
165.33 mm
(6.51 in.)

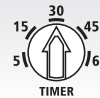

This adjustable timer holds unique timer features while still being a standard user selected bathroom fan timer. It comes with a hidden "no tampering" timer settings compartment – set it once, close the cover.

Este temporizador ajustable tiene funciones exclusivas sin dejar de ser un temporizador normal para extractor de baño en el que el usuario puede seleccionar las opciones. Viene con un compartimiento oculto para que no se manipule la configuración del temporizador: se configura una vez y se cierra la tapa.
