Air quality and moisture retention are a serious problem in many homes. Our optional use Minutes Per Hour timer helps solve this problem by using your existing fan to push old air out and pulling new air in once each hour.

La calidad del aire y la retención de humedad son problemas graves en muchas viviendas. Nuestro temporizador de minutos por hora, de uso opcional, ayuda a solucionar este problema. Lo que hace es utilizar el extractor que usted ya tiene, para extraer el aire viejo y hacer ingresar aire nuevo una vez por hora.
